| VingCard®	Product Marking Specification
Part number : 4821990 Name : Kit, RF Online for Safe	Date : 2011-09-07 Signature : PKM Document file name : 4821990 MARK Document revision : C

Revision history:
 A – First version (2010-11-27)
 B – Added 2 additional labels (2011-09-07)
 C – Added drawing to show location of label (2011-10-27)

Label to be attached to 4821930 PCB Assembly 9002

Model: PCBA 9002 FCC ID: Y7VPCBA9002 IC: 9514A-Y7V

Text height: Minimum 1mm
This label is to be placed on the bottom side of the PCB, and must not cover any of the existing labels on the PCBA.

Label to be put into the plastic bag

Contains FCC ID: Y7VPCBA9002 Contains IC: 9514A-Y7V

Text height: Approximately 2mm
The label must have the back paper attached, as it will later be sticked to the outside of our product
It must be durable, and withstand water. Regular paper is not approved.

Label to be attached to the plastic bag containing all parts.

The label must have 3 lines of text:

252-846KIT **4821990-R-000** **YYWW MMM**

First line
 - 252-846KIT = Elsafe Part number

Second line

- 4821990 = Part number
- R = Current revision letter (A, B, C, etc.)
- 000 = Revision counter (future use. 000 specifies not implemented)

Third line
- YY = Year (last two digits)
- WW = Week number
- MMM = Manufacturer Code (specified by VingCard, from file Manufacturer Codes.doc)
