

## Request for Class II Permissive Change

FCC ID: YE3600-AX200NG

Date: 2020/7/16

To: Federal Communication Commission  
Equipment Authorization Branch  
7435 Oakland Mills Road  
Columbia, MID 21046

Please be notified that we, the undersigned, (**DT Research, Inc.**) declare that the reasons for this Class II permissive change are as below:

--RF module used in this portable device requires SAR testing compliance of which is not performed and demonstrated in Modular approval.

--Host product also contains a Sierra LTE module which has been authorized under FCC ID: N7NEM75S dated on 12/11/2018. SAR testing is required to evaluate simultaneous transmission of both modules.

--The host products have different sizes, the size of this project is 13.3 inches, and the antenna location is also different.

Only the module's LTE Band 2/4/5/12/13/14 functions are used for this portable device, Other operating frequency bands will be disabled by software.

Sincerely,
