

Letter of Authorization

Attn: To Whom it May Concern / Application Examiner / Review Engineer / Officer in Charge

Re: Authorization to Apply for a "Change in Identification" per Section §2.933(b) of 47CFR

Dear Madam or Sir,

We, Silicon Laboratories Finland Oy, a corporation branch validly organized and existing under the laws of Finland, having its principal place of business at Alberga Business Park, Bertel Jungin aukio 3, 02600 Espoo, Finland,

in relation to our Bluetooth Low Energy wireless radio modules having model names of BGM123A, as the manufacturers hereby **declare** to have applied for, and to have obtained a Federal Communications Commission (FCC) grant with **FCC ID: QOQBGM12LMA** and with original issue date of December 21, 2016, and with this letter we **grant permission** on a one-time basis to the following company:

Crown Equipment Corporation [hereafter referred to as the *New Grantee*]

Full address: 40 South Washington St. - New Bremen - OH 45869 - USA

to apply for a "Change in Identification" with FCC, as per FCC guidance under KDB 249634.

We understand that the New Grantee is requesting the authorization to make this change in order to use the modules in their own unique products, under their own branding, as follows:

Model(s) and Description: HD4100 (wearable ring) and HD4010 (lift truck charger)

FCC ID: YGP4000-01 [newly established],

thus, we authorize FCC to use information on file to grant the requested "Change in Identification".

We confirm we will be supplying our BGM123A modules to the New Grantee unmodified and equivalent (in the design, circuitry, or construction) to the originally certified equipment. The original test results continue to be representative of, and applicable to the supplied equipment which will be bearing the changed identification. The original grant will remain in effect, nevertheless. Conversely, we emphasize to have no control or responsibility with regards to the proper installation and use of our modules in the products manufactured and sold by the New Grantee. As a result, the New Grantee take ownership and accountability for the compliance of their products, including any appropriate labelling to take into account the new identification, and commit to submit in any following permissive change application of theirs all the intended documentation, including but not limited to exterior photographs and each product's user manual.

This authorization expires four (4) months after the date of issue. Should there be any query regarding this authorization, please do not hesitate to contact the undersigned.

Thank you for your attention to this matter.

Place and date of issue (of this letter):

Espoo, December 18, 2020

A handwritten signature in blue ink, appearing to read 'Enrico Taddeo', is written over a horizontal line.
