NXSMDT-LH and NXSMIR-LH Part Number Variations

The NXSMDT-LH and NXSMIR-LH can be populated with no switches, 1 rocker switch or two rocker switches. The PCBs are identical, just different plastic gets placed and different switches are populated. They also come in different colours of plastics. Here is a list of all the part numbers depending on the base model, number of switches and colour:

Model	No switch part #s	1 switch part #s	2 switch part #s
NXSMDT-LH	NXSMDT-LH0-WH NXSMDT-LH0-BK NXSMDT-LH0-GY NXSMDT-LH0-RD NXSMDT-LH0-LA NXSMDT-LH0-IV	NXSMDT-LH1-WH NXSMDT-LH1-BK NXSMDT-LH1-GY NXSMDT-LH1-RD NXSMDT-LH1-LA NXSMDT-LH1-IV	NXSMDT-LH2-WH NXSMDT-LH2-BK NXSMDT-LH2-GY NXSMDT-LH2-RD NXSMDT-LH2-LA NXSMDT-LH2-IV
NXSMIR-LH	NXSMIR-LH0-WH NXSMIR-LH0-BK NXSMIR-LH0-GY NXSMIR-LH0-RD NXSMIR-LH0-LA NXSMIR-LH0-IV	NXSMIR-LH1-WH NXSMIR-LH1-BK NXSMIR-LH1-GY NXSMIR-LH1-RD NXSMIR-LH1-LA NXSMIR-LH1-IV	NXSMIR-LH2-WH NXSMIR-LH2-BK NXSMIR-LH2-GY NXSMIR-LH2-RD NXSMIR-LH2-LA NXSMIR-LH2-IV

The next pages will describe the hardware that is common for multiple part numbers. Photos of the front plastics for every single product part number are submitted separately as part of the supporting documents.
