

## **FCC RF Exposure Declaration**

Date: 20 July 2010

Dear Application Examiner,

We hereby declare that the mCOG-RF-1X-M2c-915 FCC ID: YHZN1XM2C915 is a portable device with a max ERP of 2.3mW. Due to the low level of transmit output power the device is not subject to the routine RF exposure evaluation as per Section 2.1093 of the FCC rules.

Yours sincerely

Edward Harris
