RE: Certification Application
FCC ID: YIWDEREPEATER0001

To Whom It May Concern:

Please be advised that the Enecsys Limited uses non-standard antenna connectors for its double repeater, single repeater and gateway products. The non-standard antenna connectors are a RPSMA type. In using such non-standard antenna connector types Enecsys believes that is meets section 15.203 from the FCC.

Thank you for your attention to this matter.

Yours faithfully

Enecsys Limited
