Bluetooth V2.1 + EDR

Hands Free Profile (HFP 1.5)

Dual silicon MEMS microphones

DSP-based noise cancellation

6+ hours talk time

Range to 33 feet

USB

Micro USB connector

USB 2.0 mass storage compatibility

Limited Warranty

Hardware Warranty Coverage

Looxcie, Inc. (1196 Borregas Ave, Suite 200, Sunnyvale, CA 94089), warrants the Looxcie video device ("Product") to be free of material defects (subject to the terms set forth below) for a period of one (1) year from the date of purchase ("Warranty Period"). This Warranty specifically excludes any Looxcie software applications which are subject to separate End User License Agreements and any software embodied in the hardware. During the Warranty Period, Looxcie will repair or replace (at Looxcie's discretion) this Product or any defective parts ("Warranty Service") at no charge (other than applicable incidental charges). Replacement Product may be new or refurbished/recertified at Looxcie's discretion. If repair or replacement is not commercially practical or cannot be timely made, Looxcie may choose to refund the purchase price paid for the affected Product. Call Looxcie support at 1-(888) 7-LOOXCIE for instructions regarding obtaining Warranty Service.

If Looxcie provides service under Warranty, the terms of the Warranty and applicable provisions of law will cover defects in materials and workmanship that arise during the remaining Warranty or 90 days after service, whichever provides longer coverage. If service is provided outside of Warranty, Looxcie warrants that the replacement will be free from defects in materials and workmanship for 90 days from the replacement ship date.

This Warranty is only valid for the original purchaser with the original purchase receipt and will automatically terminate prior to expiration if this Product is sold or otherwise transferred to another party. The Warranty provided by Looxcie in this statement applies only to Products purchased for use, and not for resale. It does not apply to open box purchases, which are sold "as is" and without any Warranty. Specifically exempt from Warranty are limited-life consumable components subject to normal wear and tear, such as earbuds, batteries, and other accessories.

This Warranty does not cover cosmetic damage or damage due to misuse, abuse, negligence, acts of nature, accidents, disassembling, or modification of or to any part of the Product. This Warranty excludes damages resulting from actions not Looxcie's fault and damages resulting from the use of non-Looxcie products. This Warranty does not cover lost data, files, clips, or video. This Warranty does not cover damage due to improper operation, maintenance, or installation, or attempted repair by anyone other than Looxcie or a Looxcie dealer authorized to do Looxcie Warranty work. Any unauthorized repairs will void this Warranty.

WARRANTY IS EXCLUSIVE REMEDY OF CONSUMER. ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL BE LIMITED TO THE DURATION OF THIS EXPRESS WARRANTY. IN NO EVENT SHALL LOOXCIE BE LIABLE, WHETHER IN CONTRACT OR TORT, FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND OR LOSS OF INFORMATION ARISING OUT OF OR IN CONNECTION WITH THE USE OR INABILITY TO USE THE PRODUCT(S), TO THE FULL EXTENT THESE DAMAGES MAY BE DISCLAIMED BY LAW.

This Warranty applies only to purchases made in the U.S. and Canada.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM LOCATION TO LOCATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF DIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OR IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS MAY NOT APPLY TO YOU. YOU MAY HAVE OTHER LEGAL (STATUTORY) RIGHTS UNDER YOUR APPLICABLE NATIONAL OR LOCAL LAWS.

FCC Notice to Users

FCC: YJ8-LX1

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference. (2) This device must not accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Users are not permitted to make changes to modify the device in any way. Changes or modifications not expressly approved by Looxcie, Inc., will void the Looxcie Warranty and the user's authority to operate the equipment.

Industry Canada

IC: 9087A-LX1

Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device. The term “IC” before the certification/registration number only signifies that registration was performed based on a Declaration of Conformity indicating that Industry Canada technical specifications were met. It does not imply that Industry Canada approved the equipment. This device complies with RSS210 of Industry Canada.

CAUTION: Exposure to Radio Frequency Radiation. The installer of this radio equipment must ensure that the antenna is located or pointed such that it does not emit RF field in excess of Health Canada limits for the general population. Consult Safety Code 6, obtainable from Health Canada’s website www.hc-sc.ca/rpb.

CE Declaration of Conformity

This Product is CE marked according to the provisions of the R&TTE Directive (1999/5/EC). Looxcie declares that this Product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

Use and Safety Information

Before using Looxcie or any accessories provided, please read these safety instructions in their entirety, as they contain important safety information. Please retain this document for your records. For best performance, always use Looxcie as advised in the Looxcie User Manual, which can be downloaded at www.looxcie.com.

You are responsible for determining what laws apply to your use of Looxcie, and you may not use Looxcie in violation of these or any other laws (including but not limited to intellectual property laws and state or federal “wiretap” laws or other analogous regulations applicable to the surreptitious or unauthorized preparation or distribution of audio or other recordings).

General Use and Care

Use Looxcie indoors or in dry conditions outdoors. Do not place heavy objects on Looxcie or attempt to modify or service Looxcie. Use only accessories approved by Looxcie. Using any accessories not approved by Looxcie may invalidate your Warranty, might result in damage to Looxcie, and may be dangerous. Use of unauthorized accessories also limits any liability on the part of Looxcie.

Do not use liquid cleaners or aerosol cleaners, as they may cause damage. Use a dry cloth to clean the external parts of Looxcie.

Do not use Looxcie on aircraft or where it might interfere with medical devices.

Children

Never allow children to play with Looxcie or included accessories. Small parts may be a choking hazard.

Electrical Safety

Charge Looxcie using only charging Product(s) provided with original packaging or charging accessories specifically approved by Looxcie. Any approval from Looxcie must be in writing and must be from a person authorized to provide such approval. Use of any other accessory might invalidate any Warranty provided by Looxcie and may be dangerous.

Use Looxcie-approved charging accessory only from the type of power source indicated on the marking label. Before using any power supply, verify that the main voltage is in accordance with the voltage printed on the power supply.

Do not overload power outlets, extension cords, or convenience receptacles, as this might result in a risk of fire or electric shock. To reduce the risk of damage to the cord or the plug, pull the plug rather than the cord when disconnecting the charging accessory from the power outlet or convenience receptacle.

Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where the power cord connects to the headset. Unplug charging accessories during lightning storms or when unused for long periods of time.

Do not use charging accessories outside or in any area exposed to the elements.

Battery Safety and Disposal

Looxcie contains a non-user-removable lithium polymer rechargeable battery. Charge the battery only with the approved Looxcie charging accessories. Do not attempt to remove the battery. Do not dispose of Looxcie in a fire, as the battery might explode. Dispose of Looxcie in accordance with the laws and regulations in your area governing disposal of lithium polymer cell types.

The lithium polymer battery might present a fire or chemical burn hazard or might explode if mistreated. Do not disassemble, crush, or puncture the lithium polymer battery. Do not heat the lithium-ion battery above 140°F (60°C).

Device Disposal

Looxcie should not be disposed of in household waste containers. Please check local regulations for information about the disposal of electronic products in your area.

Driving Safely

Driving a vehicle requires full attention to road conditions, weather, and vehicular traffic. If using Looxcie while driving, it is important to set up Looxcie prior to driving. Using this hands-free accessory may be distracting and may put your vehicle's occupants and occupants of other vehicles at risk of suffering bodily injury, death, and/or loss of property. Only use Looxcie as a hands-free accessory where permitted by law and when it will not distract from the proper operation of the motor vehicle.

Do not place the headset or other objects above a vehicle air bag, or in the air bag deployment area. If vehicle wireless equipment is improperly stored or installed, and the air bag inflates, serious injury could result.

Radio Frequency (RF) signals might affect improperly installed or inadequately shielded electronic systems in motor vehicles. Check with your vehicle's manufacturer or its representative regarding your vehicle. If any equipment has been added to your vehicle, you should also consult the manufacturer of that equipment for information on RF signals.

Audio Safety

Looxcie takes your hearing safety seriously. If you use Looxcie at the maximum sound level over an extended period, hearing impairment may occur. Avoid increasing the volume of Looxcie to block out noisy surroundings. If you experience ringing in your ears or muffled speech, stop using Looxcie immediately and consult a physician to have your hearing checked.
