Re: FCC ID: YKD-25TWD3000

To Whom It May Concern:

The following application is submitted on behalf of our client, L-3 Communications CyTerra, for evaluation of their model RANGE-R for certification under FCC Part 90 in accordance with waiver DA 09-2482.

The RANGE-R is a standalone handheld radar device used in motion detection of human targets. The RANGE-R was tested in full to the requirements of the aforementioned waiver and was found to be in compliance.

Sincerely,
