

FCC Certification Label will be displayed on the bottom of the unit as pictured. A sticker will be created measuring 3" by 2" and positioned in the recessed area on the bottom of the unit.

The label will read:

"FCC ID:TBD

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference and  
(2) this device must accept any interference received,  
including interference that may cause undesired operation."
