## Safety Precautions

-  This product without waterproof function. To avoid the risk of fire breakout or electric shock, please do not expose this unit in the rain or moist environment. Do not open the cabinet. Such operation will absolve relative maintenance guarantee. Only the legally authorized professionals are allowed to conduct such operation.
-  **LASER:** This unit installs a laser system. To ensure proper use of this product, please read this owner's manual carefully before operating this unit and keep it for future reference. If the unit requires maintenance, please contact an authorized professional. Please operate according to correct process in order not to hurt by laser beam.
-  Please use this unit at normal temperature. Do not put the unit under -10 degree or higher than +60 degree environment. Otherwise it will distort the plastic shell, debase the display quality and products quality.
-  Installation should be very tight and secured to prevent the fallen unit hurt people and damage the unit when moving on or a sudden brake.
-  Please install carefully to avoid damaging working platform. Please clean the internal working platform, and ensure sufficient space for installation. Inner shell will be installed on the working platform. Then install the mainframe, connecting the power and video signals jack, then put mainframe into the shell. Then assemble the shell with the mainframe device.
-  Please do not try to repair display device by yourself. It is made up of many precision electronic elements, and any dismantlement or refit will make it damaged or broken. If any problem on the unit, please switch off the power immediately, and consult your nearest seller or distributor.
-  Please keep the monitor away from the pollution of moisture, dust, water soot etc. Please switch off the power immediately if any moisture or other objects pollute, please contact the seller or distributor.
-  If you drive with the sound at a level preventing you from hearing sounds outside the car please keep the unit at an appropriate sound level, otherwise this may affect your driving and cause an accident.
-  For your safety, please do not watch or operate the monitor when you are driving.
-  The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.

## Preface

Thank you for your support of the company's products and options. This unit is crystallization of the modern high-tech. It is a cross-functional player mode and adjustable true color LCD automatic retractable screen LCD touch screen. Allows you to be arbitrary choice To appreciate the program. Here, we wish you to personally experience this high-tech products can be Perfect fun and enjoyment. To ensure proper use of this product, please read this owner's manual carefully before operating this unit and keep it for future reference.

**Note:** The graphics of this manual are for your reference only, please in-kind products prevail.

## Main Features

1. 7" Wide screen TFT LCD high-definition media player monitor.
2. This unit is with touch icon interface and touch button icon.
3. Built-in AV / DVD / USB / SD / FM/AM /Bluetooth function.
4. DVD/VCD/MP3/CD/MPEG compatible.
5. FM/AM digital synthesizer tuner with 30 memory presets.
6. Intelligentize bluetooth function, for you to make and answer the phone comfortably.
7. Built-in 4X25W power amplifier, 4.1 soundtrack audio output, can connect to external audio device.
8. Signal: 1 video output, 1 video input.
9. Under car reverse mode, can auto switch to the reversing mode, if connect to the camera, can observe the back side of car to ensure the safety.
10. Menu function: all function is operated by OSD menu.
11. Display system: AUTO/PAL/NTSC.
12. Auto memory: all the feature or position adjustment can be auto memoried and will auto resume.
13. Support USB/SD card to play MP3/MP4/WMA/AVI/JPEG media format.
14. Remote control: full function remote control operation.
15. Picture pixel: 800\*480
16. Power: DC 12V  $\pm 10\%$ ; Low power consumption:  $\sim 25W$ .
17. Working Temp:  $-10^{\circ}\text{C} \sim 60^{\circ}\text{C}$ .
18. Max Current: 10 A.
19. This unit has anti shock function.

## User Introduction

1. Please connect the signal cable with power cable according to "Unit rear side connection" to connect to power and signal.
2. After connect to power, press the power button, screen to enter the main interface.
3. When display DVD or VCD disc, the unit is automatically identify the video system PAL and NTSC.
4. Can through the button on panel to adjust the function. And can use the remote control or touch screen to adjust the function.

## Wiring Diagram

1. Black/Steering Wheel GND, Black/GND: connect to ground.
2. Green(Black)/FL-: Front left audio output (cathode).
3. Green/FL+: Front left audio output (positive pole).
4. Purple(Black)/FR-: Front right audio output (cathode).
5. Purple/FR+: Front right audio output (positive pole).
6. Grey/RL+: Rear left audio output (positive pole).
7. Grey(Black)/RL-: Rear left audio output (cathode).
8. White/RR+: Rear right audio output (positive pole).
9. White(Black)/RR-: Rear right audio output (cathode).
10. Blue(Black)/REARVIEW: Car reversing cable.
11. Blue/AMP-CON: Control power amplifier switch.
- 12/13. Brown/Steering wheel button 1, Brown(Black)/Steering wheel button 2: Connected to the steering wheel button (positive pole).
14. Orange/PWM: Headlight control
15. Red/ACC: Trigger power
16. Yellow/B+12V: +12V power cable.

## Unit Rear Side Connection

## Appearance and Function Introduction

1. RESET: Reset button.
2. MIC: Microphone.
3. Remote control window.
4. Power on/off button
5. MODE: Display mode switch.
6. VOL-: Control for the volume reduce, and can use for MENU adjustment.

7. VOL+: Control for the volume increase, and can use for MENU adjustment.
8. Disc eject
9. Display panel slip out.
10. Display panel retract.
11. Mini USB connector.
12. Disc slot.
13. SD card reader.

## Connect To Storage Accessories

### Connecting With USB

1. Under power on mode, click the USB icon in the main interface, it will play the USB.

## **Warning**

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
