Model: 370135

**EUT Housing and
Board View 1**

**Solder
Board-Component
View 1**

Model: 370125

EUT Housing and Board View 1	 A photograph showing three components of the EUT Housing and Board View 1. From left to right: a white plastic housing, a green printed circuit board (PCB) with various electronic components, and another white plastic housing. The components are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).
Solder Board-Component View 1	 A photograph showing a green printed circuit board (PCB) with various electronic components, including a large circular component on the left. The PCB is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue textured surface. The component is rectangular and features several gold-colored solder pads and components. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component is oriented horizontally, and the ruler is oriented vertically.
Antenna View	304.25MHz Antenna  A photograph of the same green PCB component, oriented vertically, showing the antenna side. The component features a large circular silver-colored antenna element on the left side. A red line points from the text "304.25MHz Antenna" to the antenna element. The component is placed on a blue textured surface.
