

User Manual for ZB-118 FM Transmitter

【Product Brief 】

- ▲ LCD display with blue backlight, can display transmitter frequency and work status, real-time air temperature, quantity of battery
- ▲ 100 channels optional (88.1-107.9MHz)
- ▲ Car cigarette lighter supply power
- ▲ Suitable for MP3, MP4, PDA, Notebook, PC, CD, MD, DVD and so on sound source replay via car speaker
- ▲ Hi-Fi and stereo sound output
- ▲ Adopt digital tuning, save the last using channel after power turn-off.
- ▲ Full channels design, frequency disturbance can be effectively avoided
- ▲ Charge lithium batteries for handheld devices (mobile, GPS, etc) (Max.: DC 5V 1500 mA)

【Technology Specification 】

- ▲ Frequency response : 20Hz-20KHz
- ▲ Degree of separation : $\geq 35\text{dB}$
- ▲ Working current : 50mA
- ▲ Standby current : 5mA (charge circuit work)
- ▲ Channels optional : 88.1~107.9MHz (interval 0.2MHz)
- ▲ Power supply : 12V car cigar lighter plug
- ▲ Accessories : 5V charge cable (3.5mm plug)、Audio input connector wire (3.5mm stereo music plug)
