RE: FCC Permissive II Change Request for Company: Legrand Home Systems FCC ID: YV8-ADMHRM4

We are submitting an application for a class II permissive change to the FCC approval of the Company name: Legrand Home Systems, product description: Wireless Room Scene Remote (FCC: YV8-ADMHRM4, Original Grant Date: 05/14/2012). The transmitter module itself has not changed. Here are the changes:

- 1) addition of a silkscreen to the top housing cover to provide unique identification
- 2) changed the internal firmware on the MCU to provide House Scene Control vs Room Scene Control (there are NO changes to RF Protocol or Physical Layer)

Sincerely,

A handwritten signature in black ink, appearing to read 'B. E. Foose'.
