MEMORANDUM

TO:	Application Examiner	DATE:	4/8/14
FROM:	QinetiQ North America, Inc. Technology Solutions Group 350 Second Avenue Waltham, MA 02451	NAME:	MEMO-1102190202
CC:		REVISED:	
SUBJECT:	Confidentiality Request for User Manual and Internal Photos		

To whom it may concern:

QinetiQ North America, Inc. Technology Solutions Group (QNA TSG) requests that the user manual 1102197191 (User Manual, Automated Setup Tool) and internal photos required for FCC certification be held confidential, and be permanently withheld from public review, unless otherwise instructed by QNA.

The RF Dongle is used to support installation of devices on utility poles and is not accessible to the general public, and is serviceable only by designated technicians. These user manuals also contain sensitive information that is not intended for use by non-technical personnel. Therefore, QNA requests that these documents not be shared with the public.

Please see signed contract VAN01: 3099350: v17, Schedule 11, which includes Information Protection clauses and serves the purpose of a Non-Disclosure Agreement.

Please contact me if there is any information you may need.

Sincerely,

Chuck DeLoid
Senior Systems Engineer
