Change request letter

Dear Regulatory Authority,

Original FCC ID: YYON70AN-US59 ; Product Name: Cell Phone Signal booster;
Model Number: N70AN-US59;

At the customer's request, the adapter was updated, the radiation emission spurious was tested for difference, and the result was pass, the rest of the test items were unchanged.
The revised report was submitted to LCSA02245060EA applicant by quoting the RF test data of LCSA02284033EA original report.

Adapter parameter change:

For AC Adapter(model: SK03T1-1200200U):

Input: 100-240V~50/60Hz 0.6A

Output: 12V~2A

Change to

For AC Adapter(model: SK02T-0500200U):

Input: 100-240V~50/60Hz 0.35A Max

Output: 5V~2A

Item of change	
Before change	After the change
	

Sincerely,

Guangnei Zhang
