* The Applicant considers this documentation as sensitive and that it creates a vulnerability to its customers deploying the device. The information following is provided pursuant to FCC KDB# 726920 D01, Confidentiality Request Procedures, clause II 3) a) c), covering requirements for Long-Term Confidentiality.

3a) Internal photos

- May be held confidential if the circuit board or internal components are not accessible to users. For example, it is acceptable if the circuit board is enclosed in epoxy.
 - Not Applicable
- Also, it is acceptable if the device is not accessible to the public, for example, a device mounted on the top of a large tower (or in a fenced enclosure) such that it is only serviceable by professional designated technicians under a Non-Disclosure Agreement (NDA). All sales for these devices must be under a NDA restricting the disclosure of the propriety information, including internal photos.
 - The device with the above referenced FCC ID will not be distributed, marketed or sold to the general public. The applicant, or its customers as contracted by Sales Agreement, will retain complete control over the use of the device ensuring that only authorized persons are in possession of the device at any given time.

3c) The following additional description is required:

1. Describe in detail how internal photos and/or user's manual information are controlled to prevent them from becoming public or disclosed to unauthorized persons.
 - The device with the above referenced FCC ID will not be distributed, marketed or sold to the general public. It is only serviceable by the Applicant or its authorized manufacturer. The applicant, or its customers as contracted by NDA, will retain complete control over the final installation and use of the device ensuring that only authorized persons covered or contracted by NDA are in possession of the device at any given time.
2. Describe how public access is restricted for products serviceable by professional designated technicians.
 - The device with the above referenced FCC ID is only provided or sold to customers for use in highly confidential and secure industrial applications.
3. A statement that all sales of the non-consumer device will be under a NDA to include third party sales and that the final user of the device is subject to the NDA.
 - All sales of the device with the above referenced FCC ID will be under a NDA to include third party sales. The final user of the device is also subject to the NDA.
4. Provide an example of the NDA between the grantee and a purchaser. The request for confidentiality must include the key terms of the NDA to ensure consistency between the two.
 - A copy of an example of the NDA is attached to this request as support documentation.

The Applicant understands that pursuant to Rule 0.457(d)(1)(ii), disclosure of this Application and all accompanying materials will not be made before the date of the Grant for this Application.

Yours sincerely,
