

Limited Single Modular Approval Letter

Date: 29-12-2011

Product name: Wireless Sensor

FCC ID: Z4GK115

The EUT meets the requirements for modular approval as detailed in FCC Public notice 15.212. Limited single modular approval is sought as the modules will be installed in only Kelsius products under our control.

Compliance to each of the requirements is described below.

- 1 The module does not have a shielding can and we are therefore requesting limited modular approval.
- 2 The modular transmitter has no modulation/data inputs. Please see schematics of the module for example
- 3 The modular transmitter must have its own power supply regulator. Please see schematics, the EUT has its own voltage regulation circuitry.
- 4 The modular transmitter complies with the antenna requirements of FCC sections 15.203 and 15.204(c)
- 5 The modular transmitter has been tested in a stand-alone configuration.
- 6 The modular transmitter must be labelled with its own FCC ID number. The EUT is labelled with its own FCC ID number
- 7 The modular transmitter is compliant with all applicable FCC rules.
- 8 The modular transmitter must comply with any applicable RF exposure requirements. The EUT fully complies with RF exposure requirements.

Yours Sincerely

David Gray

CTO
Kelsius
