Re: FCC ID: Z5E-IPWPEM1-BG1

To Whom It May Concern:

The following application is submitted on behalf of our client, Teligy, Inc., for evaluation of their module certified under FCC ID: Z5E-IPWPEM1-BG1 for a class II permissive change.

The purpose of this class II permissive change is to include FCC ID: Z5E-IPWPEM1-BG1 to the Teligy, Inc. Bluetooth Gateway portable body-worn host device.

The Bluetooth Gateway contains an additional collocated Bluetooth module, FCC ID: Z5E-W2CBW003-BG1. The Teligy, Inc. Bluetooth Gateway was evaluated for RF exposure with results provided in the SAR report included in this application.

All radios can transmit simultaneously therefore the Bluetooth Gateway host has been evaluated for radiated intermodulation products for all combinations of simultaneous transmission and found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
