I have had no response from the grantee on this issue. I sent them an email on 6/6/14 and they responded with the following (text below).

Hi Jeff.

I will call you on Monday. We have just about stopped using those foot pedals. We are using systems provided by Kartech and Sun Source which already have approval.

Regards

Nick

Subject: RE: OKW Electronics RF Modules Test Results

Nick,

Did you get the attached letter from the FCC? We need to get another production sample in here to test. We can also send you the old unit back and you can investigate with your engineering team what happened. We need to get a response to FCC in 30 days or the grant will be dismissed.

Regards

I never received a phone call to discuss options; I sent follow up email on 6/16/14 and 6/26/14 with no response. I reminded them that if they did not respond to the FCC inquiry that the grant would be dismissed. I received no reply.
