Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: ZDLST11

Applicant: Buddi Limited

Dear Examiner,

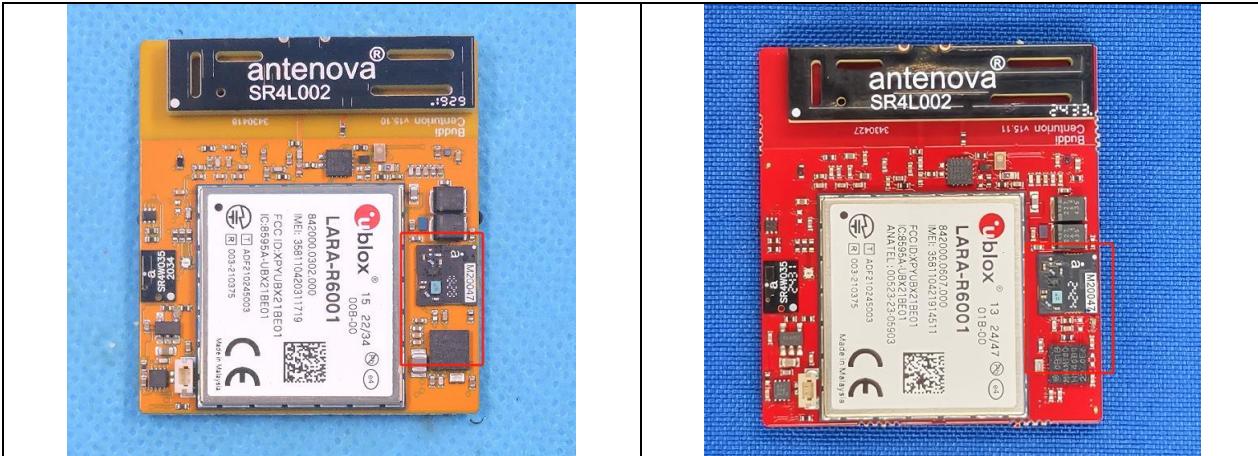

This is to request a Class II Permissive change for FCC ID: ZDLST11 originally granted on 05/13/2024 (date).

The change under this application is to

1. The electrical circuit design, layout, components used and internal wiring for above models are identical, as following: Update the GNSS module, the report only updates the radiated emission.

As follows changes:

| original device | new device |
|---|--|
| Model Name: S1-BUD-1-TENX-B-TEEU-CX, 3430017  A black rectangular device, identified as a Smart Tag 5, is placed on a blue surface next to a metric ruler. The device has a small screen and several buttons. The ruler shows markings from 0 to 100 mm. | Model Name: S1-BUD-2-TENX-B-TEEU-MIA, 3430020  A black rectangular device, identified as a Smart Tag 5, is shown from a top-down perspective. It has a similar design to the original, with a screen and buttons, and is placed on a blue surface. |

2. Update Hardware version number and Software Version number
3. Update Model Name

So, The wireless circuit and antenna have not changed, have been updated reports and EUT photo for these change.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

Signature:
