GAMEPAD CONTROLS:

PAIRING YOUR GAMEPAD TO YOUR SMARTPHONE

1. To switch on your gamepad, slide the power switch to 'ON'.
2. To pair your smartphone with your gamepad, press and hold the 'LINK' button located in the middle of the control for 1 second. The 'LINK LED' indicator will begin to flash green.
3. Turn on your Bluetooth® on your smartphone and pair to your gamepad (device name 'BF-3000D').
4. Lift the spring grip device holder bar at the top of your gamepad and insert your smartphone into the cradle. Release the holder bar ensuring your smartphone is firmly held in place between the rubber clamps.

SWITCHING THE GAMING MODES

There are 3 switchable gaming modes available for your gamepad. To switch between these gaming modes, press and hold the 'MODE' button for 1 second. The selected mode LED indicator will turn red.

- LED Indicator '1' = Joystick Mode for Android™ platform (default)
- LED Indicator '1 + 2' = Mouse Mode for Android™ platform
- LED Indicator '3' = iCade Mode for iOS System
- LED Indicator '4' = Charging & bluetooth pairing

Controls for operating your mouse for Android™ platform with your gamepad:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- o Reorient or relocate the receiving antenna.
- o Increase the separation between the equipment and receiver.
- o Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- o Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.
