

## Technical Description

The Equipment Under Test (EUT) is a 2.4GHz Bluetooth CPA and is powered by 1 X 3.7V rechargeable battery. It can be used as a Key-ring or Key-ring Accessory, and if you need HELP to find your keys, simply dial “555000” on your cell phone key-pad and initiate the call, the CPA will sound its alarm and blink RED lights, aid you in locating your keys. The CPA will auto turn OFF when connected to a charging device. For more detailed features description, please refer to the user manual.

**Modulation Type: GFSK**

**Antenna Type: Integral antenna**

The functions of main ICs are mentioned as below.

- 1) U1 acts as highly-integrated digital/mixed-signal IC for use as Bluetooth® Transceiver.
- 2) U2 acts as EEPROM.
- 3) Y1 acts as Oscillator for U1.
