CONNECTING WITH BLUETOOTH

To connect the Jamcube Speaker with Bluetooth enabled device please follow this procedure;

- Ensure the speaker is ON. The LED will flash red and blue alternately.
- Refer to the operating instruction manual of your Bluetooth device to start the connection process. Typically, this is performed by going to a "Settings" or "Setup" Menu and then choosing the option to select Jamcube that will be looking for a device to connect with.
- The device will find the Bluetooth speaker, and ask if you are ready to connect , press the OK or Confirm to connect.
- Note: Some Bluetooth devices may ask for a password or PIN. Enter 0000 and the Speaker will be connected.

CONNECTING WITH BLUETOOTH

Note: If the pairing is unsuccessful, please turn OFF the Jamcube Speaker and then ON again and repeat the connection procedure.

BATTERY AND CHARGING NOTICE

We use rechargeable battery for Jamcube. A normal charging process takes about 1-2 hours. The red LED will turn ON when charging and will turn OFF when charging is complete.

When the battery is low, the red LED will flash every 30 seconds. Please charge the Speaker at this time.

It is recommended to make sure the Battery has been fully charged and fully released at the beginning three times of use to ensure the battery the best long life performance.

Always use correct USB Cable to charge the Jamcube Speaker.

After finished charging, please remove the cable from the Speaker. Do not put the headset in charging state for a long time. This will shorten the lifetime of the battery.
