Dear Sirs,

Both devices listed below are 100% identically except the connector and the deactivated Bluetooth functionality via Software from the Transmitter.

Smart Connect together with an additional adapter PCB integrated into a new housing results in the device Transmitter.

Smart connect (renamed in the certification process, previous name BlueFrog)  
Transmitter (renamed in the certification process, previous name DeviceFrog)

If you have any questions, please feel free to contact me at the address shown below.

Yours sincerely,

Signatory
