

Request for Long-term confidentiality

To the Federal Communications Commission

Dear Sir / Madam

As outlined in FCC rules (CFR 47) §0.457(d) and 0.459 we, Trackunit Aps, seek long-term confidentiality protection for our product:

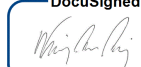

FCC ID: ZMF-TU300

We seek protection from public disclosure of our sensitive exhibits, that are not publicly available, because they contain Trade secrets and unique design features, that would give our competitors an unfair economic advantage if it were to become public.

We request Long-term confidentiality of our exhibits listed below:

- Block Diagram
- Schematics
- Parts List / Tune Up
- Operational Description

With warm regards
