FCC ID: ZNJ0020926606
Part 80 - Certification

Dear Application Reviewer:

On behalf of Nautilus Lifeline Ltd. is an application for FCC Part 80 Certification of the DIVER Portable Push-To-Talk (PTT) VHF Marine Radio Transceiver with GPS, described below. This device has been tested and complies with the requirements for certification under FCC Rule Part 80.

| | |
|------------------------------------|--|
| Device Classification(s): | Licensed Non-Broadcast Transmitter Held to Face (TNF) - Part 80 |
| Device Description: | Portable FM VHF PTT Marine Radio Transceiver with GPS |
| Model Name / No.(s): | DIVER |
| Tx Frequency Range(s): | 156.025 - 157.425 MHz (VHF Marine Band) |
| Max. Rated RF Output Power: | 1.85 Watts Conducted (+0/-3.5 dB) |
| Antenna Type: | External Whip (VHF) |

Submitted within this application is the TCB Form 731, applicant's authorization letter, applicant's long-term confidentiality request, applicant's Part 80.203(b) attestation letter, FCC Part 80 measurement report and test setup photographs, FCC ID label and location, internal and external device photographs, block diagrams (confidential), schematic diagrams (confidential), circuit description (confidential), parts list (confidential), tune-up information and the user manual (draft).

Please note that a SAR RF Exposure test report is not required for this TCB Certification based on KDB Inquiry #151186.

If you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

Jonathan Hughes
