Re: FCC ID: ZNR-CU3000

To Whom It May Concern:

The following application is submitted on behalf of our client, Proventix Systems, Inc., for evaluation of their model CU3000 for certification under FCC Parts 15.247 and 15.249.

The CU3000 is a composite device which includes (1) DTS radio and (1) DXT radio. Each radio was evaluated in full to the appropriate rule section and found to be in compliance. Report number 10-0364.W06.13.A addresses the DXT radio (tag radio) per 47 CFR 15.249 and report number 10-0364.W06.23.A addresses the DTS radio (main radio) per 47 CFR 15.247.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.

Sam Wismer
Vice President, Technology
