Re: FCC ID: ZNR-TG3000

To Whom It May Concern:

The following application is submitted on behalf of our client, Proventix Systems, Inc., for evaluation of their model TG3000 for certification under FCC Part 15.249.

The TG3000 is a stand-alone active tag consisting of a single printed circuit board. The TG3000 tag is an RF device worn by an individual and is used to provide data when a person enters the room, engages an alcohol or soap dispenser, and exits the room. The TG3000 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.

Sam Wismer
