Subject: Extended Frequency Justification

To Whom It May Concern:

Our product, FCC ID: ZPRM3-VHF-136, was designed to operate in the frequency bands of 136-174 MHz. To aid equipment authorization in other countries that accept the USA FCC Grant of certification, this will serve as a request that the FCC list the frequencies of 136-174 MHz under the FCC Rules Part 90 on our grant of certification.

For the FCC's Rules Part 90 application, this radio is used in systems by Federal and Public Safety agencies that includes police, fire, and emergency medical services, etc. as indicated in the table below.
