

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment under FCC Rules. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation of the device. FCC RF Radiation Exposure Statement: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This device must not be co-located or operated in conjunction with any other antenna or transmitter instructions for satisfying RF exposure compliance.

NOTE: Operating temperature ranges from -4°F to 149°F (-20°C to 65°C). Relative humidity ranges from 0% to 93% RH.

Limited Hardware Warranty

Last updated 8/06/2013. For future updates, go to www.striiv.com/legal

1. Limited Warranty. Striiv, Inc. ("Striiv") warrants to the end user customer ("Customer") of the Striiv electronic device ("Product") that the Product hardware components ("Product Hardware"), when used in accordance with the documentation furnished by Striiv ("Documentation"), will be free in all material respects of defects in materials and workmanship ("Limited Warranty"), for a period of one (1) year after the date of purchase by Customer of the applicable Product from Striiv or Striiv authorized reseller (the "Warranty Period"). If the Product Hardware (or any component or portion thereof) fails to conform to the Limited Warranty, Striiv, at its own expense and as its sole obligation, and Customer's sole and exclusive remedy, for breach of this warranty will either (at Striiv sole discretion) (a) repair or replace any defective Product Hardware; or (b) accept the return of the Product incorporating the defective Product Hardware and refund to Customer the fees actually paid by Customer to Striiv or Striiv authorized reseller for such Product. Replacement

Products and Product Hardware may be refurbished and/or different models will be supplied, but will be functionally equivalent to the Products or Product Hardware being replaced. When a Product or Product Hardware is replaced, any replacement item becomes Customer's property and the replaced Product or Product Hardware becomes Striiv property. Any Product that has either been repaired or replaced under this Limited Warranty will have warranty coverage for the longer of ninety (90) days or the remaining Warranty Period. This Limited Warranty is transferable from Customer to subsequent Product owners, but the Warranty Period will not be extended for any such transfer.

2. Process. Striiv warranty obligations are conditioned on Customer (a) notifying Striiv using the customer care contact information available at Striiv website (www.striiv.com/customer-care), during the Warranty Period, of any failure of the Product to meet the Limited Warranty, including a detailed description of such alleged failure and proof of purchase information as requested by Striiv, (b) otherwise complying with Striiv then-current return merchandise authorization guidelines (if any), and (c) shipping the affected Product, at Customer's cost, to Striiv or Striiv designated third-party facility for repair or replacement. Before Customer ships Customer's Product to Striiv for warranty service, Customer is responsible for making a separate backup copy of the contents of the Product. THE CONTENTS OF THE PRODUCT MAY BE DELETED AND THE STORAGE MEDIA REFORMATTED IN THE COURSE OF WARRANTY SERVICE. Customer's Product will be returned to Customer configured as originally purchased, subject to applicable updates. Customer will be responsible for reinstalling all other software programs, data and passwords. Recovery and reinstallation of software programs and user data are not covered under this Limited Warranty. Striiv will have no warranty obligations with respect to a returned Product, if it determines, in its reasonable discretion, after analysis of that returned Product, that the Product is subject to an Exclusion (defined below). Striiv will bear all costs of return shipping to Customer, except, if (i) the Product is subject to an Exclusion, or (ii) Customer's return shipping address is not located in a country in which Striiv, or Striiv authorized reseller(s), distributes Products, then Customer will bear all shipping costs.

3. Exclusions. Striiv will have no warranty obligation with respect to the following
