

Reference: ZYH-W2CBW003

To who my it concern.

With this letter we are requesting Class II permissive change for WiFi / Bluetooth module certified previously under the FCC ID: ZYH-W2CBW003.

Changes for the previous certification are:

Antenna gain is reduced from 3 dBi to 2 dBi.

Antenna type is changed from monopole omnidirectional to PCB antenna.

The WiFi feature is disabled and only Bluetooth feature is active.

The module was tested with the new / final host equipment.

The final host equipment is classified as a portable device.

Yours Faithfully
