To Whom It May Concern,

This letter is confirmation of our request to apply for permission to change the FCC and IC ID of the Bluetooth & WiFi chip supplied by Texas Instruments Inc. that was previously certified on the 3<sup>rd</sup> February 2014 under the FCC ID Z64-WL18SBMOD.

We wish to change the FCC ID to ZYH-WL18SBMOD and IC ID to 9963A-WL18SBMOD. Please note that we have not made any changes to the original device and that the existing test report is still valid.

Accompanying this letter is a letter from Texas Instruments Inc. confirming their permission for us to carry out this change.

We hope this meets with your approval and should you have any queries, please feel free to contact us.

Yours Faithfully
