Re: Change in identification of equipment

To Whom It May Concern:

This change in identification of equipment request applies to the original FCC ID: U9R-W2CBW003, granted on June 2, 2007. The equipment bearing the modified identification (new FCC ID: ZZP-VS100) is electrically identical to the original equipment. Therefore, the original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ian Cristan".
