## Notes

This manual contains important security measures and how to correct use of products, please use the product before reading in carefully.

- A** The machine adopts highlight capacitive touch LCD screen, through the finger skin directly touch operation, using your fingertips click operation sharp objects such as invalid.
- b** Please do not at extremely cold, hot, dusty and humid environment using the machine.
- c** Please avoid dropped or violent collisions this product, avoid TFT LCD screen by violent collisions may cause damage or display is not normal, dropped or collision, the consequence by the user account.
- d** The battery life may with use the different environmental conditions and use changed.
- e** This machine is in the format or upload and download please don't suddenly disconnect network connection, otherwise may cause the system faults.
- f** Don't use of alcohol, thinner or other chemical preparation scrubbing product surface, in order to avoid product surface corrosion damage.
- g** This machine during charging, the cabinet slightly warming (micro hot) is a normal phenomenon, but will not affect users.
- h** For damage to the product, service or other causes to memory data loss, erased losses caused by, this company shall not be responsible for the user, please observe the manual operation, and promptly backup important data.
- I** Because different ways, the machine capacity calculation and flash memory storage system firmware division will occupy certain FAT, the machine is recognition of memory space after PC connection capacity and display of memory capacity will have certain discrepancy, concrete depends on the product adopts firmware version and flash category and decide.
- j** The current computer virus is more, because the virus caused products and systems, documentation and firmware application etc were damaged, please strengthen virus protection. As has been infected by a virus, make the product cannot normal use, the user can determine the virus free upgrade firmware on a computer, then formatting solve.
- k** Use process if you have any questions, please contact with dealers, do not disassemble the product, otherwise you will lose the company promised any warranty, the result by all the problem can only be the sole responsibility of the user.

**Attention :** Different hardware and software version of the product function and function may have certain differences, so the change will happen without notice, the company reserves the right to improve product.

## Main Performance

- a** 7 inch TFT capacitive touch LCD 800 \* 600 resolution。
- b** Android2.3 operating system, support wireless Internet, support online download all kinds of information material.
- c** Support the APK applications application and installation.
- d** Supports MP3, WMA, FLAC, AAC, OGG, WAV, broadcast, support lyrics APE in format displayed
- e** Support 1080P video (played the AVI, 3GP, MP4, RM, RMVB, MOV, MKV) and 480p the video (FLV).
- f** Support MIC function, can undertake instant communications and online chat (for example: Skype)
- g** Support outside ring function
- h** Expand TF card function.
- I** Support automatic browsing JPG, BMP, JPGE, GIF format images.
- j** Energy saving Settings, brightness can be adjusted freely, can set up automatic closed display , automatic sleep.
- k** Recording function, the recording format for 3gp
- I** Support simplified Chinese, English, traditional Chinese, Multi Languages etc.
- m** Support Win2000, Win XP, Vista computer system.。
- n** **G-sensor** Rotating function.
- o** High speed USB2.0 transmission.
- p** Support e-book reading function.
- q** Support multitasking function (for example: background music)
- r** Support the firmware update, functional updates.
- S** **Support Wi-Fi, Bluetooth,**

## External View and Important Keys

The machine's main keys and interface distribution is as follows:

- 1, Volume +/- key button
- 2, Power / reset key
- 3, Back key
- 4, Speaker key
- 5, Speaker key
- 6, Microphone
- 7, TF-CARD slot
- 8, USB
- 9, OTG
- 10, earphone jack
- 11, Home key
- 12, Adapter jack
- 13, HDMI

## Basic operation

Keys function describe

Volume + key/ Volume - key : Short press adjustable high/to reduce the volume
