

Letter for the Permissive Change

(Date : 15 Nov 2016)

To Whom It May Concern:

This letter is providing the additional information for the Permissive Change application.
The model 761508 is based on the previously original certified model 761505. The following component has been changed:

The software changed to improve the audio performance. The software is programed in the control IC and there is no way for user to change the software

All design including electronic, electrical and construction remain the same except the above mentioned. The above specified change is not intended for maximum power.

Sincerely,

Camino International Limited
